

DAILY TOURS TO COMBÚ ISLAND

ITINERARY: CHOCOLATE AND GRAFFITI IN COMBÚ

/ 📅 / Duration: 3 hours

— After picking up passengers from their hotels, we will board to navigate the Guamá River, admiring the southern waterfront of Belém and observing the activity of various types of boats, including large cages, ferries, and the traditional "popopos," typical of riverine vessels. We will enter the Combú Stream, located on Combú Island, recognized as the 1st River Gallery of the Amazon, the result of an art and culture project led by Sebastião Tapajós Jr. and carried out by graffiti artists from various parts of Brazil.

— During the journey, we will make a stop at Dona Nena's house, responsible for "Filha do Combú," where we will have the opportunity to learn about the process of organic chocolate production. Since 2014, when 100% organic chocolate made in Dona Nena's backyard won renowned chefs like Thiago Castanho and Alex Atala, the small artisanal factory has been receiving more and more tourists.

— Combú Island is a true Amazonian paradise, rich not only in cocoa but also in açaí, cupuaçu, banana, pupunha, and various other species. During the visit, we will also have the opportunity to meet the majestic and centuries-old Samaumeira, a tree that stands out among the cocoa and açaí trees on Dona Nena's property. After visiting Combú Island, we will return to Belém and arrange the transfer back to the hotels.

/ 📅 / Please bring appropriate clothing for outdoor activities, such as sneakers and sandals (for relaxing on the boat), a hat, insect repellent, sunscreen, and cash for purchases.

/ 📅 / Observations

- I. The order of the tours may vary due to tidal conditions.
